12.05-12.30	The importance of DSA in liver transplantation	Alan Rasmusson
<b>12:30-13:30</b>	<b>LUNCH and EXHIBITION</b>	

Europahallen	Omvårdnadsprogram (Nurses' programme, in Swedish)	
	<b>Moderatorer: Karin Edlund och Micaela Viss</b>	
08.30-08.35	Välkomna och praktisk information	Karin Edlund
08.35-09.20	Personcentrerad vård och transplantation	Anna Forsberg
09.25-10.05	Transition och adherence – från barnsjukvård till vuxenvård	Lena Hallberg Rebecca Backmark
<b>10:05-10:30</b>	<b>Coffee break</b>	
10.30-11.15	Patientutbildning	Micaela Viss Maria Stenberg
11.15-12.30	Paneldiskussion	Samtliga föreläsare under ledning av Anna Forsberg
<b>12:30-13:30</b>	<b>LUNCH and EXHIBITION</b>	

Antarktis	Satellite symposium	
<b>11:30-12:30</b>		
<b>12:30-13:30</b>	<b>LUNCH and EXHIBITION</b>	

## Tuesday February 4

Wallenberg	Navigation-directed surgery and ablation	
	<b>Chairs: Magnus Rizell and Christian Stuesson</b>	
13.30-14.00	Navigation-guided ablation of liver tumors	TBA
14.00-14.30	Can we use navigation guidance in liver surgery?	TBA
14.30-15.00	Case-based discussion	Magnus Rizell Christian Stuesson
<b>15:00-15:30</b>	<b>Coffee break</b>	
15.30-16.00	Radiological diagnosis of liver tumors: How shall LIRAD be interpreted?	Farida Hashimi
16.00-16.30	How do we calculate tumor burden in the LIRAD era?	Mats Andersson
16.30-17.00	Panel discussion of selected cases	All

Antarktis	Paediatric workshop	
	<b>Chairs: Björn Fischler and Nils Ekvall</b>	
13.30-14.15	Next generation sequencing in pediatric hepatology - what have we learnt and how should we continue?	Henrik Arnell Carolina Backman
14.15-15.00	Pediatric liver transplantation - what happens in the long run?	Timo Käppi
<b>15:00-15:30</b>	<b>Coffee break</b>	
15.30-16.15	Autoimmune hepatitis - diagnostics and treatment + update Nordic study	Marianne Jörgensen
16.15-17.00	Interactive case presentations	TBA

Europahallen	Omvårdnadsprogram (Nurses' programme, in Swedish)	
	<b>Moderatorer: TBA</b>	
13.30-14.30	En patient som berättar om sin resa som levertransplanterad	Fredrik Sjögren
<b>14:30-15:00</b>	<b>Coffee break</b>	
15.00-15.45	Vikten av muskelkraft	Gunilla Hallste
15.50-16.45	Alkoholens effekter på hjärnan – prestation, koncentration och motorik	Bo Söderpalm

<b>18:30</b>	<b>Congress Dinner at Elite Park Avenue Hotel</b>	<b>Kungsportsavenyn 36</b>
--------------	---	----------------------------

## Wednesday February 5

Wallenberg	Clinical consultations in hepatology	
	<b>Chairs: Ingalill Friis-Liby and Per Stål</b>	
08.30-08.50	Hepatology consultation #2: Severity of liver disease in NAFLD	Mattias Ektstedt
08.50-09.50	Novel and emerging treatments of advanced liver disease	Antti Oksanen Anna Cederborg
<b>09.50-10.20</b>	<b>Coffee break</b>	
10.20-10.40	Hepatology consultation #3: Portal vein thrombosis in cirrhosis	Iris Posserud
10.40-11.30	Bacterial and fungal infections in patients with severe liver failure	Konstantina Sargenti TBA Jacob Holmqvist
11.30-12.00	Hepatology consultation #4: Non-malignant focal liver lesions	Per Stål TBA
12.00-12.10	Wrap-up and next year SLW	Hanns-Ulrich Marschall Per Stål
<b>12:30-13:30</b>	<b>LUNCH and EXHIBITION</b>	

Europahallen	Basic Science workshop	
	<b>Chairs: Annika Wahlström and Eva Ellis</b>	
09.00-09.30	Dietary lipids, gut microbiota and liver metabolism	Robert Caesar
09.30-10.00	Microbiota and fatty liver disease: friend or foe	Antonio Molinaro
<b>10.00-10.30</b>	<b>Coffee break</b>	
10.30-11.00	TBA	Mattias Bergentall
11.00-11.30	TBA	TBA
11.30-12.00	TBA	TBA
12.00-12.30	TBA	TBA
<b>12:30-13:30</b>	<b>LUNCH and EXHIBITION</b>	
13.30-14.00	The role of FXR in liver pathophysiology	Samer Al-Dury
14.00-14.30	PNPLA3 inhibition a precision medicine strategy to treat fatty	Stefano Romeo
14.30-15.00	TBA	TBA

Antarktis	Postgraduate Course: Challenging cases in liver disease (max 25 participants)	
13.30-16.00	<b>Chairman: Antti Oksanen + TBA</b>	
	<b>Fall 1:</b> Flukloxacillin-related DILI: current management	TBA
	<b>Fall 2:</b> Diagnosis of autoimmune hepatitis: which tests shall we use today?	TBA
	<b>Coffee break</b>	
	<b>Fall 3:</b> Variceal bleeding: how to manage primary and secondary prophylaxis	Daniel Klintman TBA
