

Monday February 7

— 08:30 – Registration —

10.00-10.15	Welcome to Sweden Liver Week 2022	Per Stål Hanns-Ulrich Marschall
Liver tumors and decompensation in chronic liver disease and in children-risk modification strategies		
Chair: Per Stål		
10.15-10.45	HCC and decompensation in NAFLD, a growing challenge	Fredrik Åberg
10.45-11.15	Hepatology consultation #1: - Advanced liver disease in chronic viral hepatitis	Soo Aleman
11.15-11.45	Pediatric liver tumors	Gustaf Österlundh
11.45-12.30	State of the art lecture: Liver transplantation in pediatric metabolic disease Chair: Thomas Casswall	Dominique Debray
12:30-13:30	LUNCH and EXHIBITION	

ICU care for severe liver disease		
Chairs: Anna Cederborg and Anna Somell		
13:30-15:00	Exertional heat stroke and liver failure	Cathrin Hällström Bonnie Bengtsson Christian Rylander
15.00-15.30	Coffee break	
Hepatological consequences of grown-up congenital heart disease (GUCH)		
Chairs: Eva Mattsson and Antti Oksanen		
15.30-16.30	Hepatology consultation # 2: A patient with GUCH and liver disease-the multidisciplinary approach	Elin Hultgren Britt-Marie Ekman Joelsson Charlotte de Lange

Styrelserum	Basic science workshop	
Chairs: Ewa Ellis, Annika Wahlström and Noemi Van Hul		
14.15-14.45	Exploring the sympathetic innervation of fatty liver in mouse and human – a volume imaging study	Csaba Adori
14.45-15.15	Role of endoplasmic reticulum stress in hepatocellular carcinoma	Femke Heindryckx
15.15-15.30	Coffee break	
15.30-15.45	Fire talks, to be selected from submitted Abstracts	TBA
15.45-16.00	Fire talks, to be selected from submitted Abstracts	TBA
16.00-16.15	Fire talks, to be selected from submitted Abstracts	TBA
16.15-16.30	Fire talks, to be selected from submitted Abstracts	TBA

Polhem	Satellite symposium	
TBA		

Tuesday February 8

Polhem	Liver transplantation for biliary dysplasia and malignancy in PSC	
	Chairs: Andreas Schult and Henrik Gjertsen	
08.30-08.50	Natural history and risk of malignancy in PSC	Annika Bergquist
08.50-08.55	Case presentation	Andreas Schult
08.55-09.15	Radiological Surveillance and Work-Up in PSC	Aris Grigoriadis
09.15-09.20	Case continuation	Andreas Schult
09.20-09.50	Pro/Con: PSC surveillance with ERC	Martti Färkkilä Erik von Seth
09.50-09.55	Case continuation	Andreas Schult
09.55-10.15	Histology, Cytology and Cytogenetics in PSC	Katalin Dobra
10.15-10.30	Wrap-up of the case and panel discussion	A Schult, A Bergquist, A Grigoriadis, M Färkkilä, E Von Seth
10.30-11.00	Coffee break	
11.00-11.45	State of the art: Liver Transplantation for perihilar and intrahepatic cholangiocarcinoma	Julie Heimbach <i>Digital lecture</i>
11.45-12.05	Biliary anastomoses - duct/duct, Hepaticojejunostomy or - duodenostomy?	William Bennet
12.05-12.30	Immunosuppression after Liver Transplantation - Recurrence of PSC and cancer	Fredrik Åberg

Mobilen	Omvårdnadsprogram (Nurses' programme, in Swedish)	
Propell/Bankom	Moderator: Pia Loqvist och Karin Edlund	
08.30-08.35	Välkomna och praktisk information	Pia Loqvist & Karin Edlund
08.35-08.45	Summering av transplantationsåret som gått	Pia Loqvist & Karin Edlund
08.45-09.45	Anpassningsprocessen till livet efter transplantation – att leva med rädsla för avstötning	Anna Forsberg
09.45-10.10	Coffee break	
10.10-11.40	Verktyg för personcentrerad vård. Se din patient - Head to the assessment	Anna Forsberg
11.40-11.20	Nutrition efter levertransplantation - sammanfattning av avhandling	Catarina Lindqvist
11.20-12.00	Nyheter om behandling och omhändertagande vid levercirros	Anna Cederborg

Styrelserum	Basic science workshop	
	Chairs: Ewa Ellis, Annika Wahlström and Noemi Van Hul	
08.30-09.15	Human 3D liver spheroids as a model to study NASH	Sander Van Riet
09.15-10.00	Bile acid synthesis suppression as a tipping point in the disease course of primary sclerosing cholangitis	Antonio Molinaro
10.00-10.30	Coffee break	
10.30-10.45	Fire talks, to be selected from submitted Abstracts	TBA
10.45-11.00	Fire talks, to be selected from submitted Abstracts	TBA
11.00-11.15	Fire talks, to be selected from submitted Abstracts	TBA
11.15-11.30	Fire talks, to be selected from submitted Abstracts	TBA
11.30-12.15	Dietary fat and liver steatosis – the role of the gut microbiota	Marc Schöler
12.30-13.30	LUNCH and EXHIBITION	

Tuesday February 8

Polhem	Enhanced recovery after liver surgery and transplant	
	Chairs:	
13.30-14.00	Prehabilitation and nursing aspects on ERAS in liver surgery and transplant	Anna Forsberg Mikael Andersson
14.00-14.30	Optimized perioperative care of liver surgical patients	Åsmund Fretland
14.30-15.00	Optimal pain control after liver resection and transplantation	John Hausken
15:00-15:30	Coffee break	
	Treatment of biliary strictures	
15.30-16.00	Biliary strictures after bile duct injuries	Jenny Rystedt
16.00-16.30	Treatment of PSC biliary strictures	TBA
16.30-17.00	Biliary strictures after liver resection and liver transplantation	Karl Oldhafer

Styrelserum	Paediatric workshop	
	Chairs: Thomas Casswall and Nils Ekvall	
13.30-13.35	Welcome and introduction	
13.35-14.05	Acute liver failure in infants	Dominique Debray
14.10-14.40	ERN-rare liver-pediatrics	Marianne Hørby-Jørgensen
14.40-15.00	Liver transplantation in pediatric metabolic disease – the Nordic perspective	Nils Ekvall Thomas Casswall
15.00-15.30	Coffee break	
15.30-16.10	Discussion, Nordic metabolic cases	
16.10-16.30	Update from the Nordic AILD study group	Marianne Hørby-Jørgensen
16.30-16.45	Conclusions, and suggestions of pediatric topics, SLW, 2023	

Mobilen	Omvårdnadsprogram (Nurses' programme, in Swedish)	
Propell/Bankomat	Moderatorer:	
	Hur mår patienter med levercirros – presentation av studieresultat	Maria Hjort
13.30-14.00	Patienter med levercirros och deras nutritionsbehandling	Catarina Lindqvist
14.00-14.30	HCV-testning ute i samhället och kriminalvården	Annika Olsson
14.30-15.00	Coffee break	
15.00-16.30	Patient- och närståendeberättelse: Att vara patient och gå bredvid. Livet före och efter levertransplantation	Andreas Kirsebom Ektström Lisa Kirseborm
16.30-16.35	Summering och avslutning	Pia Loqvist & Karin Edlund

18.30	Congress Dinner	
--------------	------------------------	--

Wednesday February 9

Polhem		
	Chair: Hanns-Ulrich Marschall	
08.30-09.15	State of the art lecture: genetic cholestatic liver disease – from mice to (wo)man	Emma Andersson
09.15-09.45	Hepatology consultation #3: Therapy of treatment refractory AIH – clinical debate	Annika Bergquist Mårten Werner
09.45-10.15	Non-invasive tests for evaluation of liver disease severity and prognosis, presentation of EASL CPG	Hannes Hagström
10.15-10.45	Coffee break	
10.45-11.30	Prevention and multi-disciplinary approach to liver cirrhosis. Presentation of new national guidelines.	Maria Hjort Catarina Lindqvist Stergios Kechagias
Gender and age aspects on advanced liver disease		
	Chairs: Andreas Schult and Karin Edlund	
11.30-12.00	Gender aspects in chronic liver disease	Staffan Wahlin
12.00-12.30	The young adult; aspects of chronic liver disease and follow-up after liver transplantation	Björn Fischler Per Stål
12.30-13.30	LUNCH and EXHIBITION	

Styrelserum	Postgraduate course: (max 25 participants)	
13.30-16.00	Chairs: Antti Oksanen and Hanns-Ulrich Marschall	
	Cholestasis and pruritus in a young female adult	Hanns-Ulrich Marschall Aiva Lundberg-Båve
	Coffee break	
	Renal failure in elderly man with cirrhosis	Anna Cederborg TBA
